

Parks and Protected Areas Program Recreation User Fee Schedule Policy

1. Introduction

Purpose

To establish the 2009/10 recreation user fee schedule for BC Parks.

Scope

This policy applies to the individually listed BC Parks, Recreation Areas and Conservancies.

2. Strategic Direction

Goals/Objectives

This policy establishes the fee schedule for all recreation user fees being charged by BC Parks (e.g. nightly camping fees, moorage, day use shelter rentals, etc.)

3. Operational Policy

The attached schedule of fees will apply during the operating season. Any changes to these fees, including promotional discounts and long-stay rates, must be approved by the minister under the appropriate policy.

Group camping fees

- The fee per night for group camping is calculated by multiplying the number of parties in a group by the fee per party established for that campsite, with a minimum fee of \$50/night. Youth groups pay a flat \$50/night for group campsites, as per the attached fee schedule.

Fees for vessels

- The fee for the overnight use of dock and mooring buoy facilities applies to vessels that tie or anchor to another vessel using the dock or mooring buoy facilities.

Second vehicle fees

- A party that is authorized by a park officer to have a second non-recreational vehicle on a campsite must pay $\frac{1}{2}$ the camping fee being charged for that campsite, up to a maximum of \$12/night. Designated long-stay campsites are exempt from the fee for the second non-recreational vehicle.

Fee exemptions established in regulation

- A party containing one or more persons who produce BC Parks approved evidence of receiving federal or provincial income assistance for persons with disabilities do not pay frontcountry camping or parking fees;

- Volunteers working on projects, or providing a service, in a park, conservancy or recreation area that have been approved by a park officer do not pay frontcountry camping or parking fees;
- Frontcountry camping fees will not be charged in the off-season if no services (e.g. no staff presence, no garbage collection, etc) and limited facilities are available (e.g. shower building locked, outhouses may be left open); and,
- Children 12 and under are not charged fees for backcountry camping or the use of backcountry cabin accommodations.

Seniors' discount

- A seniors' discount is also established in regulation. During the off-season (the period from the day after Labour Day to June 14 of the following year), British Columbia residents who are 65 years of age or older, pay one half of the summer season fee or the off-season rate, whichever is less, for a frontcountry campsite.
- A second vehicle (non-RV) may be allowed on site for an additional nightly charge of 1/2 the campsite fee paid by the senior (up to a maximum of \$12/night).
- This discount applies to the senior and his/her spouse. If the camping party includes another adult, other than the spouse of the senior, this discount does not apply.
- This discount does not apply to group camping, group picnicking, backcountry, marine and day-use fees.
